

## Protective Health Assessment: Acknowledgements

The [Connecticut Department of Public Health's](#) (DPH) [Nutrition, Physical Activity & Obesity Prevention](#) (NPAOP) program gratefully acknowledges the generous support of the [National Governors Association](#) Center for Best Practices, through a 2007 *Healthy States* worksite wellness funding award, without which this initiative could not have been realized.

DPH/NPAOP further wishes to acknowledge the important guidance and support of the members of National Governors Association Healthy States Grant Interdisciplinary Health Policy Advisory Team in the development of this initiative, and in particular, members of the Data Planning & Analysis and Data Collection & Implementation subcommittees (\*):
